## ZEP<sup>®</sup> Transclean

Page 1 of 2

---

**CLASSIFICATION:**

- Multi-Purpose Interior Surface Cleaner

---

**PRODUCT DESCRIPTION:**

Transclean is a liquid cleaner especially formulated to effortlessly and quickly cut through and remove a wide range of soils from almost any interior surface. Transclean is water soluble, non-caustic, non-acidic, non-toxic and non-flammable. It does not contain harsh hydrocarbon solvents.

Transclean has been developed to be a single product for use with interior cleaning procedures replacing the multitude of chemicals often used by airlines. It can be used on all surfaces encountered in the interior of aircraft.

---

**FEATURES & BENEFITS:**

- Provides more rapid and versatile cleaning than ordinary hard surface cleaners.
- Highly economical. May be used at low dilution rates.
- Rinses readily and does not leave any unwanted film behind.
- Suitable for use on soft furnishings such as carpet, leather, naugahyde and fabrics.
- Corrosion safe on all hard surface materials including aluminium, stainless steel and plastics.
- Can be safely used on paint, vinyl, rubber, porcelain and vitreous enamels.

---

**PHYSICAL CHARACTERISTICS:**

- Form                                      Liquid
- Color                                        Clear Violet
- Odour                                       Citrus
- Foam                                        N/A
- pH    11 - 11.4
- Specific Gravity                        1.08 - 1.16

---

**PACKAGE SIZES & PRODUCT NUMBERS:**

Size Available	Product Number
10LT	8189203
